NEW PRODUCTS
FOOD TRAX

Features Food Trax

Shock Absorber

Torsions protection

sewn on flap to protect against liquid ingress

stain resistant, waterproof leather with low porosity, HACCP

increased durability of the upper

replaceable insole

5010856 black 5012856 white

- S3 / SRC / ESD
- size 36-51
- upper smooth leather
- inner lining leather
- replaceable insole
- metal free
- slip-resistant PU outsole

5010858 black 5012858 white

- S3 / SRC / ESD
- size 36-50
- upper smooth leather
- inner lining leather
- replaceable insole
- metal free
- slip-resistant PU outsole

5010860 black 5012860 white

- S3 / SRC / ESD
- size 36-51
- upper smooth leather
- inner lining fabric
- replaceable insole
- slip-resistant PU outsole

5010857 black **5012857** white

- S3 / SRC / ESD
- size 36-51
- upper smooth leather
- inner lining leather
- replaceable insole
- metal free
- slip-resistant PU outsole

5010859 black **5012859** white

- S3 / SRC / ESD
- size 38-50
- upper smooth leather
- inner lining leather
- replaceable insole
- metal free
- slip-resistant PU outsole

5010861 black **5012861** white

- S3 / SRC / ESD
- size 36-50
- upper smooth leather
- inner lining fabric
- replaceable insole
- zipper waterproof
- slip-resistant PU outsole

Sole PU / PU

- SRC slip resistance
- PRT Flex Technology
- ANA-TECH Technology
- Shock Absorber Technology
- high abrasion resistance
- stable grip on ladders
- cold insulating

5010874 black 5012874 white

- S3 / SRC / ESD
- size 38-50
- upper smooth leather
- inner lining leather
- replaceable insole
- metal free
- **cold protection technology**
- slip-resistant PU outsole

5010866 black 5012866 white

- S3 / SRC / ESD
- size 38-48
- upper smooth leather
- inner lining fabric
- replaceable insole
- zipper waterproof
- **cold protection technology**
- slip-resistant PU outsole

5010865 black 5012865 white

- S3 / SRC / ESD
- size 38-50
- upper smooth leather
- inner lining leather
- replaceable insole
- metal free
- **cold protection technology**
- slip-resistant PU outsole

Cold Protection Technology

The COLD PROTECTION technology provides insulation for the user's foot at very low temperatures. It guarantees thermal comfort when working in cold stores, freezers and in winter weather conditions.

The unique, durable and developed COLD PROTECTION system is a construction/technology/material composition created in cooperation with our technology partners. In terms of materials, COLD PROTECTION consists of thermal insulating elements in the upper (using the technological material Thinsulate) and a special blend of materials in the sole. The Thinsulate material used is a unique microfiber technology that ensures the highest thermal parameters with the lowest weight and thickness. The material is water-proof and breathable at the same time. It is durable and hypoallergenic.
